

## Landscape Design Questionnaire

Please complete this form to make sure we can meet your design needs. The more information you provide, the more we can help you achieve the landscape or assistance that you are looking for. No matter how small the job is, measurements and the following information can help us customize our services to your needs.

For design jobs to be completed at the nursery please provide the following:

- Questionnaire
- Site Photos
- Site measurements- can be rough sketch but indicate where north is, position of major plants you want to keep, structures, utilities that need to be accessible, views you want to keep or block, which areas are sunny/shady, wet/dry or have poor soil.
- Magazine cutouts or photos of plants/yards/style you like

For design jobs that the require the designer to visit the site, you may choose to provide some of the information to save some of the designer's time or you can simply fill out the questionnaire and have the designer compile the other information.

### Design fees:

We are always happy to answer questions at the nursery and help you with plant selection. However if you need extensive design help we encourage you to set up a design appointment.

Please contact us for current design service pricing.

If you use our design services you receive 10% off all plants used in the design.

**We look forward to helping you with your landscape needs!**
